

H.I.R.O MP3 Player

(From Good Kid Music videos!)

Looks accurate!

No Lid ⬇️

Cool screen
(not real glass)

Speaker

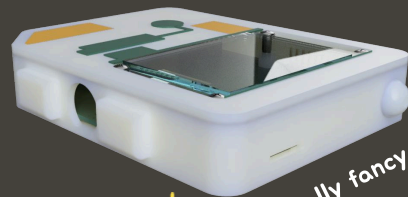

ESP32-S3

2x Buttons and
Slide Clicky Knob*

Battery support*

3.5mm
Audio Jack*

Usb-C

Side View 👉

Really fancy MicroSD
Reader

An Mp3/Audio player based off of screenshots from good kid music videos. made to simply show support for the band. I listened to EXCLUSIVELY good kid while making this, just cause they're so good.

AND...

Supports most audio formats
Bluetooth support
Support for any battery size
and storage size (microSD)

*Some items are not rendered as they don't have available 3d models. Will be made IRL.
